NOTICE OF APPARENT LIABILITY FOR FORFEITURE

Adopted: February 23, 2012

Released: February 23, 2012

By the Commission:

I. INTRODUCTION

1. In this Notice of Apparent Liability for Forfeiture (NAL), we find that Teresa Goldberg d/b/a Software Training Company¹ apparently willfully and repeatedly violated Section 227(b)(1)(C) of the Communications Act of 1934, as amended (the Act),² and Section 64.1200(a)(3) of the Commission's rules,³ by sending 27 unsolicited advertisements, or "junk faxes," to the telephone facsimile machines of 27 consumers. Based on the facts and circumstances surrounding these apparent violations, we find that Teresa Goldberg d/b/a Software Training Company is apparently liable for a forfeiture in the amount of \$432,000.

II. BACKGROUND

2. The Telephone Consumer Protection Act of 1991 (TCPA) was enacted by Congress to address problems of abusive telemarketing, including junk faxes.⁴ Unsolicited faxes often impose unwanted burdens on the called party, including costs of paper and ink, and making fax machines

¹ As explained below, "Software Training Company" is a fictitious business name registered to the individual "Teresa Goldberg," and uses the address 17127 Clemons Drive, Encino, California. Software Training Company, Fictitious Business Name Record, ID No. 20090624|7563, filed July 3, 2009, Westlaw RPCA-CA database available at <http://www.westlaw.com> (last visited Jan. 26, 2012). "Teresa Goldberg" appears to be another name used by Tammy Pocknett, who owns the property located at the address used by Software Training Company. Los Angeles, California Real Property Tax Assessor Record, Parcel Number: 2292-020-007, Westlaw Public Records - Real Property Records Combined database available at <http://www.westlaw.com> (last visited Jan. 26, 2012). As discussed *infra*, Ms. Goldberg/Pocknett now appears to use the names "Software Business Management" and "Software Training Systems" to carry out the business formerly conducted by "Software Training Company." Therefore, all references in this NAL to "Teresa Goldberg d/b/a Software Training Company" encompass the individual using the names Teresa Goldberg, Tammy Pocknett, Software Training Company, Software Business Management, and Software Management Systems, and using the address 17127 Clemons Drive, Encino, California.

unavailable for legitimate business messages. Section 227(b)(1)(C) of the Act thus makes it “unlawful for any person within the United States, or any person outside the United States if the recipient is within the United States . . . to use any telephone facsimile machine, computer, or other device to send, to a telephone facsimile machine, an unsolicited advertisement. . . .”⁵

3. On December 20, 2010, in response to a consumer complaint alleging that Software Training Company had faxed an unsolicited advertisement, the Enforcement Bureau (Bureau) issued a citation to Software Training Company, pursuant to Section 503(b)(5) of the Act.⁶ According to public records, “Software Training Company” is a fictitious business name owned by an individual, Teresa Goldberg, using the address 17127 Clemons Drive, Encino, California.⁷ The fax that led to the citation offered two separate courses for “hands-on consulting and training” in using “QuickBooks,” presented by “expert pro advisors.”⁸ The Bureau’s citation found that Software Training Company violated Section 227(b)(1)(C) of the Act and Section 64.1200(a)(3) of the Commission’s rules, and offered Software Training Company the opportunity to request an interview with Commission staff, or provide a written statement responding to the citation, within 30 days of the date of the citation.⁹ On December 30, 2010, Software Training Company responded to the citation, claiming that the company was “no longer active or in business” and that it had “no plan or resources to start the company again.”¹⁰

4. Less than two months later, the Commission began to receive complaints indicating that “Software Business Management” and “Software Managing Systems” had faxed unsolicited advertisements to consumers.¹¹ These subsequent faxes were in some respects identical to the fax that formed the basis of the citation to “Software Training Company,” in that the faxes from “Software Business Management” and “Software Managing Systems” offered “two separate courses” for “hands-on consulting and training” in using “QuickBooks,” presented by “expert pro advisors.”¹² To register for the offered services, the faxes directed recipients to call (800) 608-1905 or to visit www.software-business-management.com or www.software-managing-system.com.

⁵ 47 U.S.C. § 227(b)(1)(C). The prohibition is subject to certain exceptions. For example, a person may fax an unsolicited advertisement if that person has an “established business relationship” (EBR) with the recipient, and the sender obtained the facsimile number from the recipient through voluntary communication in the context of an EBR, or from a directory, advertisement, or website on which the recipient voluntarily made available its facsimile number for public distribution. In addition, the unsolicited ad must notify the recipient of how to opt out of receiving future such ads, subject to certain requirements. *Id.* The Commission has adopted implementing rules. *See* 47 C.F.R. § 64.1200(a)(3).

⁶ 47 U.S.C. § 503(b)(5) (requiring the Commission to issue citations before imposing forfeiture liability on persons who do not hold a license, permit, certificate, or other authorization issued by the Commission, or who are not applicants for any of those listed instrumentalities, for violations of the Act or of the Commission’s rules and orders).

5. Based on our review of public records, “Software Business Management” and “Software Managing Systems” do not appear to exist as independent legal entities, nor do they appear to be registered fictitious business or other trade names for any individual or entity. Information provided at the “About Us” link at www.software-business-management.com, however, refers to “Software Business Management” as “Software Training Company”:

Software Training Company – About Us

Founded in Miami, Florida, *Software Training Company* was established in 1997.... *Software Training Company* is now a global company offering comprehensive hands-on training to the United States and Canada.... *Software Training Company* strongly promotes hands-on training to insure students learn to utilize software to its fullest potential....¹³

In addition, the carrier that administers the telephone number provided at the “Contact Us” link (800-608-1905)—which is the same number that the post-citation faxes direct recipients to call to register for the services offered—has identified the end user as “Software Training Company” at 17127 Clemons Drive, in Encino, CA, with Richard Goldberg listed as the contact person.¹⁴ The carrier that administers one of the opt-out numbers in the post-citation faxes (800-578-0654) has identified the end user as having the same address as “Software Training Company,” with Teresa Goldberg listed as the contact person.¹⁵

III. DISCUSSION

A. Apparent Violations of Section 227(b)(1)(C) of the Act and the Commission’s Rules Restricting Unsolicited Facsimile Advertisements

6. We find that Teresa Goldberg d/b/a Software Training Company apparently violated Section 227(b)(1)(C) of the Act and Section 64.1200(a)(3) of the Commission’s rules by sending 27 unsolicited advertisements to the telephone facsimile machines of 27 consumers, identified in Appendix A. Each of these consumers has provided evidence that he or she received a junk fax from “Software Business Management” or “Software Managing Systems,” without having provided authorization to send such faxes, and absent an established business relationship with Teresa Goldberg. As we have determined during the course of our investigation, “Software Business Management” and “Software Managing Systems” are nothing more than names through which Teresa Goldberg d/b/a Software Training Company operates.

7. We base our determination that “Software Business Management” and “Software Managing Systems” are synonymous with Teresa Goldberg d/b/a Software Training Company on several factors. As explained above, Teresa Goldberg registered the fictitious business name “Software Training

¹⁴ E-mail from David Guerrero, J2Global Communications, Inc. to Linda Simms, Analyst, Telecommunications Consumers Division, Enforcement Bureau, dated June 7, 2011 (responding to a Commission inquiry, J2Global Communications, Inc. confirmed that from May 1, 2010 to date of production, Richard Goldberg of Software Training Company, 17127 Clemons Drive, Encino, CA 91436, was listed as the billing contact for the toll-free number 800-608-1905 in the carrier’s records).

¹⁵ E-mail from Erik Schurke, VoiceNation, to Jermaine Haynes, Analyst, Telecommunications Consumers Division, Enforcement Bureau, dated October 13, 2011 (responding to a Commission inquiry, VoiceNation confirmed that from June 1, 2010 to present, Teresa Goldberg, 17127 Clemons Drive, Encino, CA 90143, was listed as the billing contact for the toll-free number 800-578-0654 in the carrier’s records).

Company.”¹⁶ Teresa Goldberg, Software Training Company, Software Business Management, and Software Managing Systems operate from the same address: 17127 Clemons Drive, Encino, California. While “Software Business Management” and “Software Managing Systems” do not appear to be registered fictitious or other trade names, they also do not appear to be incorporated or to have any other legal form of independent existence. Indeed, as explained above, the website www.software-business-management.com identifies itself as “Software Training Company”; the contact telephone numbers set forth in the faxes at issue in this NAL trace back to “Software Training Company”; and the opt-out telephone number set forth in one of the faxes at issue in this NAL trace back to the 17127 Clemons Drive, Encino, California, with Teresa Goldberg listed as a contact person. We therefore find that “Software Business Management” and “Software Managing Systems” are simply alternate names used by Teresa Goldberg d/b/a Software Training Company to conduct the same business and perpetrate the same kinds of violations.

B. Proposed Forfeiture

8. After we have first issued a citation to an entity, as we have in this case, Section 503(b) of the Act authorizes the Commission to propose a forfeiture against that entity when it determines that such entity has, by subsequently engaging in conduct of the type described in such citation, willfully or repeatedly failed to comply with the Act, or any rule, regulation, or order issued by the Commission under the Act.¹⁷ Section 503(b)(2)(E) mandates that, “[i]n determining the amount of such a forfeiture penalty, the Commission or its designee shall take into account the nature, circumstances, extent, and gravity of the violation and, with respect to the violator, the degree of culpability, any history of prior offenses, ability to pay, and such other matters as justice may require.”¹⁸ Our forfeiture guidelines set forth the base amount for penalties for certain kinds of violations, and identify criteria, consistent with the Section 503(b)(2)(E) factors, that may influence whether we adjust the base amount downward or upward.¹⁹ For example, we may adjust a penalty upward for “[e]gregious misconduct,” an “[i]ntentional violation,” or where there is a “[r]epeated or continuous violation.”²⁰ Currently, the maximum penalty that the Commission may impose against an entity such as Software Training Company is \$16,000 per violation.²¹

9. Applying these factors in the Act and the forfeiture guidelines, we propose the maximum penalty of \$16,000 for each of 27 violations at issue in this NAL for a total proposed forfeiture of \$432,000. We propose the maximum penalty in this case because Teresa Goldberg d/b/a Software Training Company appears not only to have repeatedly violated the prohibition against faxing unsolicited

¹⁶ See *supra* note 7.

¹⁷ 47 U.S.C. § 503(b)(5).

¹⁸ 47 U.S.C. § 503(b)(2)(E).

¹⁹ 47 C.F.R. § 1.80(b)(4) note. The absence of a particular type of violation from the forfeiture guidelines must “not be taken to mean that the violation is unimportant or nonexistent,” and “the Commission retains discretion to impose forfeitures for other violations.” *Commission’s Forfeiture Policy Statement*, Report & Order, 12 FCC Rcd 17087, 17110 (1997).

²⁰ 47 C.F.R. § 1.80(b)(4) note.

²¹ 47 U.S.C. § 503(b)(2)(C). Section 503(b)(2)(C) provides for forfeitures of up to \$10,000 for each violation in cases, as in the instant case, where the violation does not involve a Commission licensee or common carrier, among others. See 47 U.S.C. § 503(b)(2)(C). In accordance with the inflation adjustment requirements contained in the Debt Collection Improvement Act of 1996, Pub. L. 104-134, Sec. 31001, 110 Stat. 1321, the Commission implemented an increase of the maximum statutory forfeiture under Section 503(b)(2)(C) first to \$11,000 and more recently to \$16,000. See 47 C.F.R. § 1.80(b)(3). See also *Amendment of Section 1.80(b) of the Commission’s Rules, Adjustment of Forfeiture Maxima to Reflect Inflation*, 23 FCC Rcd 9845 (2008) (amendment of Section 1.80(b) to reflect an increase in the maximum forfeiture for this type of violation to \$16,000).

ads, but also to have done so intentionally and in an egregious manner. This is evidenced by the company's apparent attempt to deceive the Commission about the operating status of Teresa Goldberg d/b/a Software Training Company. As explained above, Richard Goldberg — a contact person for Teresa Goldberg d/b/a Software Training Company²² who also shares the same 17127 Clemons Drive, Encino, California address— responded to the citation, claiming that the company was “no longer active or in business” and that it had “no plan or resources to start the company again.”²³ Teresa Goldberg d/b/a Software Training Company continued to send unsolicited faxes, however, *after* making this claim, albeit under the guise of “Software Business Management” and “Software Managing System.” The fact that the Commission began to receive complaints about such faxes *less than two months* after the Bureau issued its citation suggests that the claim that the company was “no longer active or in business” was either false or misleading, demonstrating a complete disregard for the Commission's authority and an intent to continue to violate the law.

10. The response submitted by Teresa Goldberg d/b/a Software Training Company to the citation appears to have contained additional false information as well. The fax that formed the basis of the citation directed consumers to call 800-453-4220 to register for the advertised services, and Teresa Goldberg d/b/a Software Training Company contended in the December 30, 2010 citation response that this number “does not belong to us anymore.” However, as recently as October 7, 2011—nearly a year after Richard Goldberg, on behalf of Teresa Goldberg d/b/a Software Training Company, disavowed controlling the number—the carrier administering this number identified the end user as Software Training Company, located at 17127 Clemons Drive, Encino, CA, with Richard Goldberg as the contact person.²⁴

11. As further support for imposing the maximum penalty against Teresa Goldberg d/b/a Software Training Company, we also observe that the Commission has previously directed a citation for junk fax violations to Teresa Goldberg. According to certain publicly available information, Teresa Goldberg is another name used by Tammy Pocknett, who owns the property located at the address used by “Software Training Company.”²⁵ In 2007, the Commission directed a citation to Ms. Pocknett on behalf of “Collection Elements” for junk fax violations.²⁶ Teresa Goldberg a/k/a Tammy Pocknett is therefore aware of the restrictions relating to junk faxes, and the fact that Teresa Goldberg d/b/a Software Training Company has continued to send them under the names “Software Business Management” and “Software Managing Systems” strongly suggests an intentional disregard for section 227 and the Commission's rules prohibiting such conduct.

12. The penalty we propose must take into account the repeated, intentional, and egregious nature of the violations apparently committed by Teresa Goldberg d/b/a Software Training Company.

²² See *supra* note 14.

²³ See *supra* note 10.

²⁴ E-mail from David Guerrero, J2Global Communications, Inc. to Jermaine Haynes, Analyst, Telecommunications Consumers Division, Enforcement Bureau, dated October 7, 2011 (responding to a Commission inquiry, J2Global Communications, Inc. confirmed that from February 17, 2010 to October 7, 2011 (date of production), Richard Goldberg of Software Training Company, 17127 Clemons Drive, Encino, CA 91436, was listed as the billing contact for the toll-free number 800-453-4220 in the carrier's records).

²⁶ Citation from Kurt A. Schroeder, Deputy Chief, Telecommunications Consumers Division, Enforcement Bureau, File No. EB-07-TC-2584, to Collection Elements, ATTN: Tammy Pocknett, dated July 6, 2007.

We therefore propose the maximum penalty of \$16,000 per violation for each of 27 violations at issue in this NAL.

IV. CONCLUSION

13. We conclude that Teresa Goldberg d/b/a Software Training Company apparently violated Section 227(b)(1)(C) of the Act and Section 64.1200(a)(3) of the Commission's rules, by using a telephone facsimile machine, computer, or other device to send 27 unsolicited advertisements to the 27 consumers identified in Appendix A. We further find that Teresa Goldberg d/b/a Software Training Company is apparently liable for a forfeiture in the amount of \$432,000 for apparent violations of Section 227(b)(1)(C) of the Act and Section 64.1200(a)(3) of the Commission's rules.
